A HORNET'S NEST

Raised by Democrats About the
Ears of Supt. Crumbacker,

OF THE HOSPITAL FOR THE INSANE.

Severely Criticized for Summarily
Removing Employees—An Intima-
tion Miss Mary Lorentz, the Female
Supervisor, was Removed at the Re-
quest of Governor MacCorkle—De-
cided Discord Created in the Demo-
cratic Fold—The Discharge of
Messrs. Bush and Norman.

Special Dispatch to the Intelligence.

WESTON, May 13.—They are having
trouble again at the hospital for the in-
sane at this place. In fact, the situation
is very critical, and the most intense
feeling prevails. Indications are that
Dr. Crumbacker, the superintendent,
has involved himself in a predicament
that is likely to disturb the even tenor
of his way and create decided discord in
the Democratic party.

The State Times, in a half column
editorial, gives Superintendent Crum-
backer the benefit of a very severe ex-
coriation, charging him with an un-
warranted display of power in remov-
ing certain employees, and intimating
that he has used the influence of his
office to gratify personal spite. The
Weston Democrat, although generally
regarded as a conservative journal, and
cautious in every position it assumes,
gives space to the publication of a simi-
lar article, in which the writer criticizes
the superintendent of the hospital. It
is the first time since that institution has
been under roof that two Democratic pa-
pers, published at these at the hospital,
have taken occasion to criticize the con-
duct of a superintendent appointed by a
Democratic board of directors, which
fact is significant. It really seems that
Dr. Crumbacker has subjected himself
to criticism that is likely to bring upon
his offending head even more publicity
than he received at the time he was im-
ported from Ohio to take charge of the
hospital and thereby reflect upon the
many competent and deserving physi-
cians who compose the medical frater-
nity of our own state. The situation is
an unfortunate one from every stand-
point. Democratic ire has been aroused
and there is now war in the camp. Re-
publicans can afford to sit back and
watch developments, knowing full well
that they have had nothing to do with
the complication.

The causes of the storm which has
been raised about the person of the su-
perintendent are stated in the following
article, which appears in the Weston
Democrat:

"During the past week Dr. Crum-
backer, superintendent of the West
Virginia hospital for the insane, has dis-
missed from that institution three em-
ployees. On the 3rd instant he notified
Mr. F. A. Bush, who held the position
of market man, that he had concluded
to discontinue his services. Mr. Bush
has been at the hospital for eight years,
having served under three administra-
tions. He has always been a faithful,
diligent and popular employee and was
discharged without any notice what-
ever. He was told that his dismissal
had been directed."

"Rumors then became current that
other changes would be made, but
where no one knew. It seemed that
the edict had been proclaimed and new
victims must suffer. Time, which tells
all things, revealed the secret. On the
following day, May 4, Mr. M. J. Nor-
man, who entered the service of the
hospital during the administration of
Dr. J. S. Lewis, and who has satisfactorily
discharged the duties of day watch-
man and assistant supervisor, was sum-
marily dismissed. No charges were
preferred. The vacancy was immedi-
ately supplied by the appointment of
Mr. J. W. Waldo.

"No further action in this direction
was taken until Wednesday, the 7th in-
stant, when Miss Mary B. Lorentz, fe-
male supervisor, was summoned into
presence of the superintendent and told
that she would be relieved from further
duty. The pretext upon which her dis-
missal was made was that of 'disloyalty'
to Dr. Crumbacker's administration. Governor MacCorkle was in Weston and
ate dinner at the hospital the day be-
fore, which fact is foundation for the
prevailing opinion that her retirement
from the institution was caused at his
instance, but we are reluctant to be-
lieve that he would so far condescend
to the dignity of his office as to make
war on a woman and thereby warrant
this view of the situation. If, however,
this is the true situation, it is very
short-sighted in Dr. Crumbacker to act
so soon after the departure of his ex-
cellency and thereby do him this injus-
tice by casting such a grave reflection."

OIL DEVELOPMENTS.

Activity in the Wood County Field—New
Wells Going Down.

Special Dispatch to the Intelligence.

PARKERSBURG, W. Va., May 13.—The
machinery is on the ground for a well
on J. F. McMechen's farm below the
city. Drilling will begin next week.
The old Stewart well at Lock No. 1 is to
be drilled deeper and three more wells
put down in that territory. One well
is being put down by the Bradley Oil
Company on the Spencer farm, on
Briscoe run, and another has been
located. A large number of new wells
are going down in the Waverly field.
All of the above are in Wood county.

A Parkersburg company with the
name of a Dead Sure Thing Company
has leased a big lot of land up in Gil-
mer county and will put down some
wells.

The Island Run farm in Wirt county,
owned by D. R. Neal, of this city, has
been leased to Sayre and Chapman, of
Pittsburgh, and they will begin to put
down a well in a few days. This farm
has always been considered valuable oil
territory, and thirty years ago Mr.
Neal refused \$50,000 for it.

The Henderson No. 2, on Senator
Henderson's farm, this county, is down
400 feet, and is being watched with
great interest.

Several new wells are going down in
the vicinity of the Big Kate.

Dr. L. C. White, the celebrated geolo-
gist of Morgantown, was here yesterday,
in consultation with local oil men.

ST. LOUIS TRAGEDY.

A Well Known Politician and State Sena-
tor Shot By an Insane Woman.

St. Louis, Mo., May 13.—State Sena-
tor Peter R. Morrissey was shot and in-
stantly killed at 3:30 this (Monday)
morning by Maud Lewis, his mistress.
The tragedy was enacted in her room
on the second floor at No. 2719 Wash
street. Morrissey went to the house at
a very late hour, and had retired when
the crime was committed.

The woman has been mentally un-
balanced for some time, according to
the statements of her neighbors. She
is supposed to have been insane at the
time.

The first information the neighbors
had of the tragedy was from the woman's
screams. They ran in and found her
in a frenzy of grief and terror, howl-
ing over the body and calling on "Pete"
to "come back." The first witnesses on
the scene could gain no information
from her as to the precise manner in
which the murder was accomplished,
but everything indicated that Morrissey
was asleep when he met his death.
The weapon used by Maud Lewis was
an American bull dog revolver of 38
calibre. Two shots were fired, one en-
tering the mouth and the other pene-
trating the brain through the left eye.
Death was instantaneous.

As soon as the neighbors ascertained
that Maud Lewis was the principal in
the tragedy they sent word to the Four
Courts, and Detectives Jim Smith and
John Howard were dispatched to the
place.

They were unable to get a coherent
statement from the woman, whose rav-
ings became more violent and desperate
every minute. They had her sent to
the city hospital in a patrol wagon and
permitted an undertaker to take charge
of the body.

The deceased was born in St. Louis
August 14, 1855, and was educated at
the St. Louis university. In 1885 he
was elected to the municipal assembly,
and at the time of his death he was a
member of the Missouri state senate.
His business was that of saloon and
lodging house keeper. Morrissey lived
with his father, mother and sister in
rooms over his saloon southeast corner
of Eleventh street and Clark avenue.
He was a single man, about thirty-five
years of age. At the city hospital, soon
after Maud Lewis was received there, it
was stated that she was violently crazy,
though whether her condition was due
to remorse for her act or antedated the
crime, could not then be ascertained.

Maud Lewis is twenty-five years old
and was born and reared in St. Louis.
She is said to have come of a good fam-
ily. She was in the city hospital from
August 28 to September 10 of last year,
suffering from hysteria.

Morrissey was notorious as a crooked
worker at the polls. Ten years ago he
was indicted for ballot box stuffing, but
the influence of the leaders of the party
kept him out of the penitentiary.

TO INVADE CHINA.

The Salvation Army Will Try to Conquer
the Orient.

SAN FRANCISCO, May 13.—Another
army is about to invade China, but the
campaign will be conducted on different
lines from that of the Japanese. The
Salvation Army is going to try to con-
quer the orient and bring the millions
of Chinese into the fold of Christianity.
The leader of the movement is Fong
Foo Sing, a young Chinese who is a
member of the Salvation Army in this
city, and who is employed as type-
writer in the office of the War Cry. He
said to a reporter:

"I expect that the army at the proper
time will send me to China. To go to
China was the object that really led me
to join the Salvation Army. I wanted
to do something for my country along
army lines. The late war, I believe, has
made China open her eyes. As a result
the way will be opened for Christianity,
civilization and other good things."

Captain Fong expresses himself
fluently in English, but uses some ex-
pressions that are peculiar. The follow-
ing is a note he wrote for the reporter:
"I fully believe that when we have a
Chinese Work started in a prosperous
way lots of Christian Chinese who will
rally around us and fight beneath our
colors to bring China to Christ."

"Yours to Hock the Devil,
Fong Foo Sing."

Rev. W. E. Andrews, of Westfield,

"I wish to add my testimony in favor
of Munyon's Homeopathic Home Rem-
edies to the mass that has already been
published. I have used the Cold Cure,
Dyspepsia Cure, Nerve Cure and Head-
ache Cure in my family with perfect
satisfaction. These remedies are worth
their weight in gold. In my family
they have cured the worst cases of cold
in one day, and dyspepsia of seven
years' standing was cured with three
vials of the Dyspepsia Cure. I have
had very severe headaches, which were
driven away in half an hour by the
Headache Cure. My wife suffered
greatly from sleeplessness, and one vial
of Nerve Cure gave her perfect relief.
I sincerely pray God's blessing upon
the proprietors of such valuable reme-
dies."

Munyon's Stomach and Dyspepsia
Cure cures all forms of indigestion and
stomach troubles such as constipation,
rising of food, distress after eating,
bloating of the stomach, palpitation of
the heart, shortness of breath and all
affections of the heart caused by indig-
estion. It soothes, heals and invigor-
ates stomachs that have been weakened
by over-eating, or where the lining of
the stomach has been impaired by
physic and injurious medicines. Price,
25 cents.

Munyon's Homeopathic Home Rem-
edy Company, of Philadelphia, put up

ure of the train, T. J. Ticknor, the
clerk at the National hotel, found under
the pillow in the room that had been
occupied by Miss Fox a satchel contain-

An Unknown Animal.

WASHINGTON, D. C., May 13.—The
rare animal which came from Carti-
gena, Colombia, and was presented to
Assistant Secretary McAdoo, of the
navy, while he was recently in that
country with Admiral Meade's squad-
ron, has arrived at the zoological gar-
dens in Washington. While it is called
a mountain dog by the English speak-
ing residents of Colombia, and has a
Spanish name indicating the same, the
authorities of the Zoo have not been
able to classify the animal, as it is not
similar to anything they have ever
heard of before.
